Sir,

In forwarding the enclosed copy of docket No.4422/A.E. of the 8th instant,received from the Examiner P.W.Accounts, stating that para 38 of Government Proceedings No.1150-1192/ 18-1901-02 of 7th February 1903 relating to the transfer of grants from the Civil to the P.W.Budget,refers apparently only to Provincial Funds &c ,I have the honor to enquire if Mr.Scott's reading of the order is correct.

Docket No.4422/A.E. dated 8th January 1904 from the Examiner P.W.Accounts of Mysore to the Chief Engineer of Mysore.

With reference to his endorsement No.6698 of the 4th ultimo, has the honor to state that para 38 of Government Pro-ceedings No.1150-1192/18-1901-02 of 7th February 1903 relating to the transfer of grants refers apparently only to Provincial Funds and contemplates accordingly that there will be no need in future for expenditure on account of other departments to be passed on to the Comptroller. The order does not cover the case of District and Municipal Funds, though there is apparently no reason why these should not also be included within its scope - (Vide this office No.2639 of 22-10-03). With reference to the proposal of the President District Fudd Board Chitaldrug District, under reference undersigned sees under the above circumstances no objection to the procedure suggested by him. The transfer of funds would probably by a convenience in the Civil department, but so far as this Deptt is concerned, the procedure hitherto current and proposed by the President, District Fund Board, Chitaldrug District is perfectly convenient.

The file of papers received with his Memo under reference is herewith returned.

SIR,

With reference to your docket Fl: No.2199 dated 17th Ultimo forwarding for an expression of my opinion copy of letter No.585 dated 28th January 1904 from the Chief Engineer, Mysore relative to the view taken by the Examiner, Public Works Accounts to the transfer of grants from the Civil to the Public Works Budget other than those provided from Provincial Funds, I have the honor to state that para 38 of the Government Proceedings No.1150-1192/18-1901-02 dated 7th February '03 should apply to all charges incurre by the officers of the Public Works Department whether met out of Provincial, District Municipal or Palace Funds, as the budget estimates of the Department of Public Works do provide for works paid both from provincial and other funds, viz District Local Funds general and Palace and apart from this fact the expenditure also is treated in the Accounts of the Examiner as final charges of the Public Works Department and not passed through the exchange Accounts for adjustment in the Civil Department.

The Examiner, Public Works Accounts admits in his docket 2639/B dated 22nd October '03 to the Secretary to Government P.W. Department that a larger portion of the expenditure incurred from

SUBJECT MATTER

Stating that he has no objection in the remaining expenditure met out of Municipal and District Funds in the Public accounts & that the procedure adopted in regard to Municipal Funds may be generally applied to other Funds.

District Funds are dealt with in accordance with the proposal made by this office viz to accept the transfer of the grant fr[illegible] the Civil Department and to finally debit the expenditure in the Public Works Department which view met with the approval of the Chief Engineer who suggested to the Examiner to arrange with the Presidents of the Municipalities and District Fund Boards to allocate the grants in the respective budgets to the credit of the Public Works Department (Copies of the Examiner's docket to the Secretary and his reply are enclosed for reference).

Further it will be seen from the Examiner's docket No.4422/AE dated January '04 to the Chief Engineer copy of which was received with your letter under reference, that he states there is apparently no reason why District and Municipal Funds should not also be included within the scope of para 38 of Government Order No.1150-1192/18-1901-02 of the 7th February '03.

In these circumstances and in view that no distinction be observed in the recording of expenditure met out of Municipal and District Funds in the public accounts I am of opinion that the procedure adopted in regard provincial works may be equally applied to these funds.

Has the honor to forward copies of the marginally noted* correspondence between the Comptroller and this office and to request sanction to the expenditure from Municipal and District funds in the Department being finally charged against those funds in the books of this office.

2. With regard to District funds the larger portion of the expenditure incurred

* Marginal note written in the original and dockets

in this Deptt is already dealt with in accordance with the present proposal there are however reports to Dispensaries and a few other charges, the procedure in regard to which would have to be revised and Provision made in the Budget under A Public Works to be executed by the P.W. Deptt. under A and B Public Works to be executed by Revenue officers where it is placed at present.

3. No Expenditure on account of Municipalities is at the present moment charged finally in the books of the Deptt. A revision of the procedure would call for an adaptation in the preparation of Budgets to the analogy afforded by the distinction at present observed in the case of District Funds between heads A on the one hand parts B & C on the other.

4. The question of the adjustment of outlay on Chamar agency Wells in Municipalities, has already been submitted for Orders. It is requested that it may kindly be considered in connection with the above

Para 38 of G.O. No 1150-1192/18-1901-02 of the 7th February 1903 relating to the transfer of grants from the Civil to the P.W. Dept.

Letter No. 585 of the 28th January 1904 from the Chief Engineer of Mysore forwarding copy of letter docket No. 4422/A.E of the 8th idem from the Examiner P.W. Accounts of Mysore stating that the above order refers apparently only to Provincial funds and does not cover the case of District and Municipal funds [illegible] and Enquiring if the interpretation of the order is correct.

Correspondence Ending with letter No. 5060/1123 of the 11th March 1904 from the Comptroller to the Govt. of H.H. the Maharaja of Mysore.

Order:-

The Examiner P.W. Accounts pointed out to the Chief

Engineer that proportion of the over head
above applied all currently and to
Provincial Funds and did not cover the
case of District and Municipal Funds
though there was apparently no reason
why they should not also be included
within its scope. The Chief Engineer
referred the matter to Jt. Engineering
whether the interpretation of the
Examiner was correct. The Comptroller
was asked Counsel to give his opinion
opinion in the matter. States that para
38 of the above order provides that
all charges incurred by the Provincial
the P.W.D. other than Provincial,
District, Municipal or Local Funds
in the Department shall be defrayed
by the P.W.D. do correct for works paid
both from Provincial and other funds
eg. District Local Funds Bridges and
Roads and that about from the last
the Explanation was treated in the ac-
counts of the Examiner as local charges
of the P.W.D and not charged through
the Exchange accounts transactions

in the Civil Department. He further points out that the Examiner P.W. does admit that a larger portion of the Expenditure incurred from District Funds is dealt with in accordance with the proposal made by this office, by accepting the transfer of the funds from the Civil Dept. and finally debiting the Expenditure in the P.W.D., that the Chief Engineer approved of this view and suggested to the Examiner to arrange with the Presidents of the Municipalities and District Funds Boards to allocate the funds in the respective heads of the credit of the P.W.D. in these circumstances in view that no distinction is observed in the recording of Expenditure met out of Municipal and District Funds in the Public Accounts, he is of opinion that the procedure adopted in respect to provincial works may be equally applied to these funds also.
